

How to add descriptions to blocks?

1071 GstarCAD Malaysia April 2, 2016 [Tips & Tricks](#) 0 4289

GstarCAD has the ability to add descriptions to the block definitions in the drawing.

1. Issue the BLOCK command.
2. Select the block from the list at top.
3. Click in the lower 'Description' section and enter the description.
4. Choose OK to redefine the block with the new description.
