You can share drawings safely to anyone of your team after clicking share icon. You will get an extract code automatically generated by our web server with six numbers. You can also set up a password with four characters (letters or numbers are valid). Copy the extract code and password then send to others. If you forget the above information, just click the share button to check again. The valid date to download a shared files is within seven days, after that the file will be deleted from our server. After sharing a file, a hand shaped icon will display in the thumbnail left bottom which means the file already has been shared.
