

GstarCAD dongle upgrade for network version

1272 GstarCAD Malaysia June 30, 2021 [Update and Upgrade](#) 0 2948

Please follow the steps below to upgrade the **Network dongle** from GstarCAD old version to the latest GstarCAD.

1. Insert Dongle;
2. Unzip the file: NetDogUpdateTools.rar
3. Double click FieldExUtil.exe
4. You would see this Window:

5. Click "**Get Locking Code**," and click an icon to save one. ".LOC" file to your computer;
6. Forward this ".LOC" file to the local distributor;
7. You will get a response with the ".LIC" file;
8. Click the icon to upload the second ".LIC" file;
9. Click "**Update License**" to finish.

From step 1 to Step 9, please DO NOT close this window.
