Erase Objects

If you want to erase objects from your drawing, you can do one of the following .

Use the command ERASE .

Select objects and press DELETE.

Select objects and then cut them to the Clipboard with CTRL+X
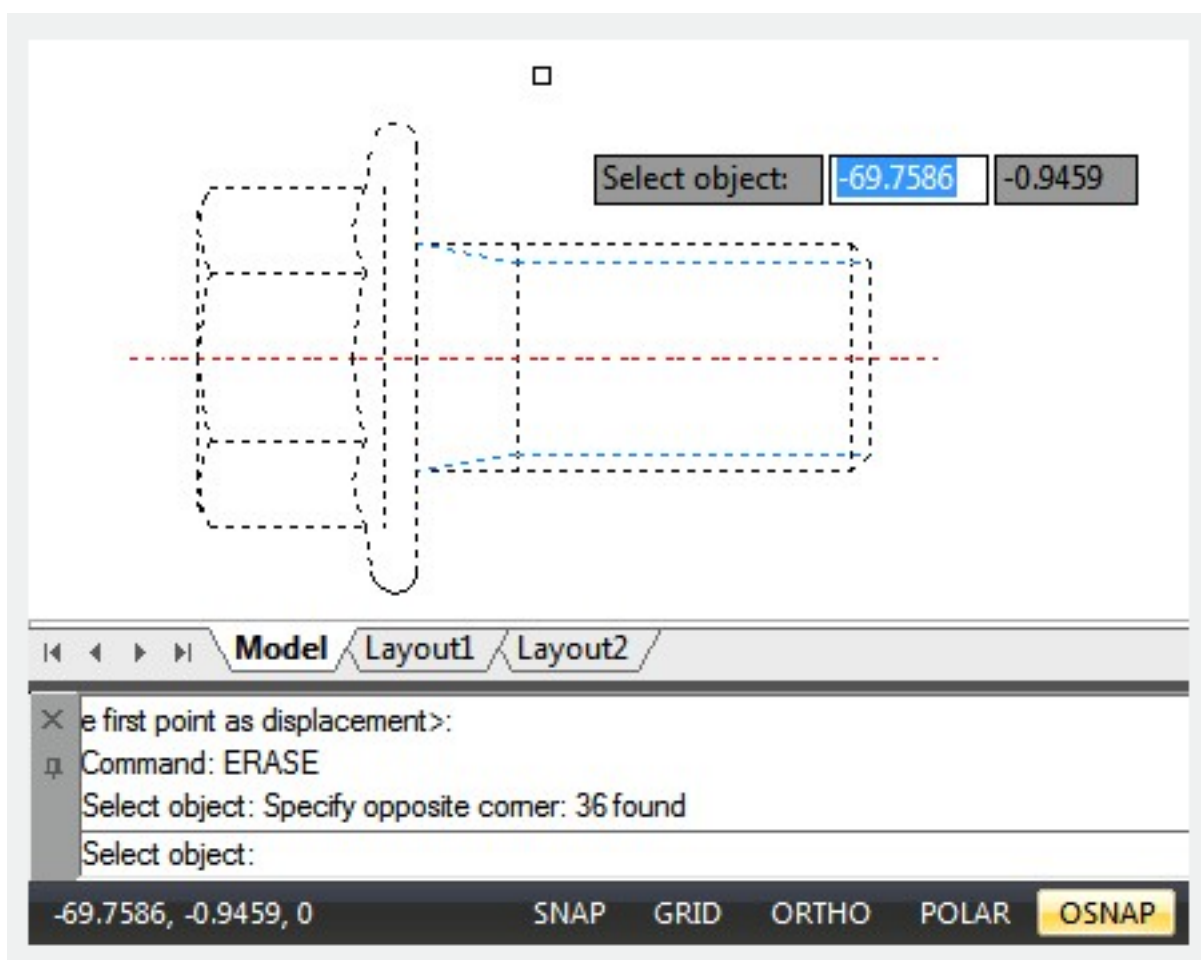

Objects, which were recently erased with ERASE , BLOCK or WBLOCK can all be restored with the OOPS command.

Blips, which are plus-shaped markers and left over stray pixels that are displayed, can be removed by REDRAW (REDRAWALL) or REGEN .

Unused named Objects like block definitions, dimension styles (DIMSTYLE), layers (LAYER),

LINETYPE and TEXTSTYLE can be removed with the PURGE command.
